Dear Sir/Madam,

The University has commenced the exercise on Curriculum and Syllabus revision for BTech-2023. In this context, a questionnaire has been prepared. There are 29 points on which the opinions of the colleges are sought.

The colleges are requested to disseminate the questionnaire among the stakeholders: **Students, Faculty, and Alumni** and to consolidate the responses as per the procedure below:

A. The colleges are requested to conduct workshops internally, for faculty and students separately, and to discuss the points in the questionnaire. **Individual responses through the Google form should not be collected from faculty and students.** Thereafter the responses of the faculty and students may be consolidated and submitted **IN THE APPROPRIATE GOOGLE FORM.**

B. The attached **Google form for Alumni** may kindly be circulated among prominent alumni and their responses sought in the google form.

Please complete the exercise by the 28th of February. Google forms will collect data up to this date. The responses received till 28.2.2023 alone will be considered. Therefore please treat this request with utmost priority.

You may please find the questionnaire below:
