His classes were interactive and he answered all questions very clearly. Truly, one of the best faculty I met this semester.
- great teacher
- Explains very well. notes are really extensive and to the point. helpful
- The classes create a free atmosphere to make mistakes and reassuring nature of the faculty enables the students to let their idea to be expressed

Strength and Weakness
- excellent teaching
- excellent
- Explanations were excellent and was very clear and brief.
- Too much written work is counterproductive. Because of the workload we tend to merely fill the pages without actually learning anything(for which we don't get enough time).

Strength and Weakness

- excellent teaching
- Anup Sir is already well known for his teaching effectiveness. He is friendly (extremely) and has this ability to make even seemingly boring topics appear not that bland ????
- very sincere amidst the various crisis he takes his best efforts
- The amount of sections he teaches every hour is incomparable with how much we have to put up with to complete studying a single hour. That much he completes in a single class. Too much that we only had time to do chemistry this whole semester.
- Excellent

- sessions were very extensive and explainations were very helpful. Notes are really great.
- Readiness and willingness to help is highly appreciable.... Bt just like every other subjects faced, even here the portions were to be covered in a hurry when it came to the end.... The assignments given at tht point also created a stress among the students as the exams were near, which otherwise would have helped a lot to connect with the learning more....

Special Remarks

- high knowledge depth
- Despite the difficulties he has to deal with, anup sir has done so much to make sure students understood the topics taught. He is very supportive of the students and we find him approachable in all difficulties.
- very lucky to have such a faculty
- Could have taken the topic a bit slow .
- Thankyou sir for putting in the effort for us.

Special Remarks
- Despite the qualms of meeting students online, Dhanya ma'am always made it a point to get to know all the students personally, making small talk with us... She made math class fun and it's truly unfortunate that she has left SCT after only one semester with us first years. We wish ma'am all the best.
- She is one of the best teachers who completed at the right time, was able to understand topics well, feeling really bad to hear one of the finest teachers is leaving the college.
- will miss her in S4 thank you ma'am

Strength and Weakness

- Excellent teaching
- Extremely knowledgeable and sincere. One of the best teachers so far in my opinion. Takes great attention to detail in lectures and this reflects well in students who notice them.
- Though she says all that is required but puts like very little points which are not the way rather full context of the section she teaches. I would have been better if she includes more descriptive slides which is the one asked in exams.
- excellent
- helpful and friendly. extensive notes were provided
