Special Remarks

- 1. Unwanted Interruption in between presenting, if "20m" is allotted for presenting and a separate "10m" for Q&A Session, that should be given. Implementing everything from scratch and what we get after that is, "What is your contribution?" 2. Please don't add your points thinking that everything in the world is implemented with Matlab 3. Very unpleasant behaviour every time someone is presenting. He can't see anything in the slide even if it's filled on a slide
