Dear Sir/Madam,

We've enable the Remote Access for Sree Chitra Thirunal Col of Eng-THIRUVANANTHAPURAM

Please follow the below steps:

1. Bring the devices on-site in which they would like to access IEEE Xplore remotely
2. Access the institution's WiFi (WiFi IP address must be listed on your IEEE Xplore account as an authorized, authenticated IP)
3. Visit the IEEE Xplore website
4. Go to My Settings, then Remote Access
5. Follow the instructions to pair your device. Users will be asked to sign in with an IEEE personal account before pairing.
6. This device can now be used off-site for 90 days to access IEEE Xplore. User must go to IEEE Xplore on the paired device and log in with their personal account to access the roaming subscription.

After 90 days, users will be prompted to again pair their device and can follow the same steps as the initial pairing.

For more information about Remote Access, please visit the links below:

Dear sir / madam

Turnitin Similarity is one of the most used plagiarism checking tools being used by the academic community and editorial boards of journals and conferences. As you are aware of, APJ Abdul Kalam Technological University has subscribed to Turnitin, and is being offered to select institutions free of charge for the **2022-23 Financial year.**

Your name has been suggested by the Principal as the administrator of Turnitin in your institution. As the admin, you can add faculty members of your institution as users of Turnitin.

A mail in this regard has been sent to your email id from Turnitin inviting you to login to the portal. You can start using the portal, by logging in and adding faculty members as users. You can contact Mr. Anoop on 9811464814 for support if required.

We have planned an onboarding meeting of all administrators on 19 April 2022, at 11 AM, through online. All are requested to attend the meeting.

Principals are requested to assign one person as administrator if you have not assigned.

Total Item Investigations - The total number of times a content item or information related to a content item was accessed.

Total Item Requests - The total number of times the full text of a content item was downloaded or viewed.

Article Request (NON-COUNTER) - The number of documents requested from the server.

Page Views - The number of pages viewed on a Web site.

Searches Run - Reports the number of keyword searches performed.

Visits - Represents the number of individual durations of times visitors were on the site accessing a series of pages without 30 minutes of inactivity. A single visitor can account for multiple visits in a single day.
